TECHNOLOGY

The ICM Group actively invests in significant technology companies. The ICM managed portfolios are significantly exposed to Fintech companies including Allectus Capital.

ALLECTUS CAPITAL

ICM is the investment manager for Allectus Capital, an unlisted technology investment holding company. Allectus is a long term, active investor and asset manager, and focuses on companies that are developing proprietary ideas and intellectual property that potentially could change or disrupt the industries they are involved in.

Other key ICM Group technology investments include; Optal Limited (providing innovative and highly customised payment solutions across various industries), Afterpay Touch Group (a retail focused, technology driven payments company) and Vix Verify (an end to end SaaS identity verification service and platform) sold in October 2018.

Allectus is an investor in early stage and established companies, and a number of its investments have grown to be very successful businesses and migrated to direct holdings by their shareholders, UIL and ICM, including Optal Limited and Afterpay Touch Group.

ICM Investment Management is the regulated sub-investment manager for the Pentagon High Conviction Bond Fund, and ICM acts as investment adviser to the sub-investment manager. The Pentagon High Conviction Bond Fund is a sub-fund of Merrion Capital Investment Funds Plc.

The Pentagon High Conviction Bond Fund is an unlisted, open-ended investment fund (UCITS) that invests in a more concentrated portfolio of high alpha, global corporate debt opportunities in order to deliver attractive, long-term, risk-adjusted returns to investors. This objective is achieved through an investment approach that focuses on identifying compelling value opportunities through bottom-up company research.

ICM FOUNDATION

As an active investor and asset manager with business interests that span the world, ICM understands the importance of giving back by investing in the community. Based on almost two decades of private philanthropic experience, ICM has identified sustainable, effective and focused education where the biggest impact can be made on individuals and in communities.

ICM supports game changing innovative entities, which are scalable and have the potential to become self-sustaining. The NGO's and movements we support deliver projects that assist individuals and communities to care for themselves through entrepreneurial enterprises, including micro financing & micro franchising. ICM engages with projects across the education spectrum, ranging from pre-primary and primary schools, to colleges and universities.

ICM has chosen to focus its philanthropic efforts on supporting selective education projects and models undertaken by Teach a Man to Fish ("TAMTF") as a Corporate Sponsor of the Schools Enterprise Challenge ("SEC"), and additionally with Food Ladder and Poverty Stoplight .

SEC is an exciting global schools challenge seeking to inspire, support and develop the entrepreneurial self-sufficient school model. This encourages schools to develop profitable enterprises by implementing their own well developed business plans and illustrate entrepreneurial opportunities to the students. As a Corporate Sponsor, ICM provides funding to TAMTF for the SEC, staff resources, and works with them to place the SEC on a sustainable footing.

Through its partnership with ICM, Food Ladder will support its rollout and expansion throughout India and priority countries in the developing world, including Food Ladder's first school deployment in India. ICM will also continue its active engagement and support of Project Stoplight, a scalable tool for social change with simple and powerful outcomes.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE

At ICM, environmental, social and governance issues are a high priority and we ensure we operate in an ethical way while focusing on delivering long-term, sustainable growth.
