Director's letter

Dear Pan Pacific Shareholder,

I am pleased to enclose a Bidder's Statement from Zeta Energy Pte Ltd ("*Zeta Energy*"), a wholly owned subsidiary of ASX-listed Zeta Resources Limited, for all of the issued ordinary shares in Pan Pacific Petroleum NL ("*Pan Pacific*") on issue during the bid period which Zeta Energy does not already own.

Zeta Energy already owns a 16.8% (rounded) interest in Pan Pacific's issued shares. By making this offer, Zeta Energy is seeking to increase its shareholding in Pan Pacific.

Zeta Energy is offering \$0.05 in cash for each of your shares in Pan Pacific. There are no conditions attached. Zeta Energy has instructed GMP Securities Australia Limited ABN 46 149 263 543 to purchase, at the offer price of \$0.05 per share, all Pan Pacific shares offered for sale to it on ASX during the offer period, which will commence at the start of trade on ASX on 27 April 2015 and finish at the close of trade on ASX on 27 May 2015 unless extended or the offer is withdrawn.

The offer values Pan Pacific at approximately A\$29.4 million. The offer provides Pan Pacific shareholders certain and immediate value and the opportunity to receive cash within 3 trading days from the date your broker actions your instruction to sell your Pan Pacific shares. Given Pan Pacific's substantial losses of the financial year ended 30 June 2014 (loss of \$29.466 million)¹ and the 6 months to 31 December 2014 (loss of \$19.755 million)², and the current uncertain economic and commodity outlook, a cash offer at a premium to market is expected to be attractive to a number of investors.

In summary, key reasons for accepting the Offer are detailed below:

- the offer is:
 - at a premium to the last trade on ASX;
 - at a premium of 13.9% to the 30 day trading volume weighted average price on ASX; and
 - at a premium of 16.8% to the 90 day trading volume weighted average price on ASX;
- the offer is paid in cash;
- the offer is unconditional;
- the offer provides price certainty for shareholders given the current uncertain economic & commodity outlook;
- the recent financial performance of Pan Pacific has not been profitable; and
- in the absence of the offer or a competing bid, Pan Pacific's share price may fall below the offer price.

If you want to accept this offer you can do so by instructing your broker to sell your shareholding on-market through ASX. Details of how to accept the bid for your shares are set out in section 2, page 11, of the Bidder's Statement.

Yours sincerely

Jonathan Chi

Reasons to Accept the Offer

There are a number of important reasons why you should accept Zeta Energy's Offer.

These include:

1. Zeta Energy is offering cash for your Pan Pacific Shares which provides you with price certainty compared with retaining your Pan Pacific Shares

Zeta Energy's Offer is to acquire your Pan Pacific Shares for **5 cents CASH per share cash**.

The certainty provided by receiving cash at the Offer Price should be compared with the risks associated with remaining a Pan Pacific Shareholder, which include Pan Pacific's uncertain ability to generate future earnings, and the fact that Pan Pacific currently pays no dividends and that the trading of its shares on the ASX is relatively illiquid.

2. The Offer is unconditional and you can sell your Pan Pacific Shares immediately and receive a cash payment three trading days after your acceptance

There are no conditions attached to the Offer and you can sell your Pan Pacific Shares at **5 cents CASH per Pan Pacific Share** on market now. Accordingly, you can ACCEPT the Offer with the knowledge that you will be paid in cash three trading days after your acceptance (T+3 Basis).

Section 2 of this Bidder's Statement provides instructions on how you can ACCEPT the Offer. Please see "How to Accept the Offer" in section 2 on page 11 below.

3. Offer Price represents a premium

The Offer Price is at:

- a premium to the last traded price per Pan Pacific Share on ASX prior to the announcement of the Offer;
- 13.9% premium to 30 day volume weighted average price per Pan Pacific Share on ASX on the trading day immediately prior to the announcement of the Offer; and
- a 16.8% premium to the 90 day volume weighted average price per Pan Pacific Share on ASX on the trading day immediately prior to the announcement of the Offer.

4. The Offer allows sale of unmarketable parcels

According to the latest Pan Pacific Annual Report, there were 5,482³ shareholders who had less than a marketable parcel of shares at 19 September 2014. It is expected that it would be convenient for those shareholders to accept Zeta Energy's cash offer.

5. If the Offer is not accepted then the market price of Pan Pacific Shares may fall

While there are many factors that will influence the market price of Pan Pacific Shares, including the oil price and the stock market outlook, in the absence of the Offer or a competing bid, it is possible that after the close of the Offer the Pan Pacific Share price will fall below the value of the Offer.

5. Intentions of Zeta Energy and Zeta Resources

5.1. Overview

This Section 5 sets out the intentions of Zeta Energy and Zeta Resources, on the basis of the facts and information concerning Pan Pacific known to them, in relation to the following:

- the continuation of the business of Pan Pacific;
- any major changes to the business of Pan Pacific and any redeployment of the fixed assets of Pan Pacific; and
- the future employment of the present employees of Pan Pacific.

Zeta Energy and its advisers have reviewed information that is publicly available concerning Pan Pacific and its businesses and assets. However, Zeta Energy has not undertaken any formal due diligence in relation to Pan Pacific's businesses in connection with the Offer and consequently does not believe that it is aware of all material information, facts and circumstances that may be necessary to enable it to assess all of the operational, commercial, taxation and financial implications of its current intentions.

At the conclusion of the Offer Period (or at such earlier time as Zeta Energy acquires a controlling interest in Pan Pacific), Zeta Energy will, to the extent to which it is able, conduct a review of Pan Pacific and its operations, assets, liabilities and employees following which it will review its intentions as set out in this Section 5. Final decisions will only be reached by Zeta Energy after that review has been concluded and the results evaluated and in the light of all material information, facts and circumstances that exist at that time.

Consequently, the statements set out in this Section 5 are statements of current intention only, which may change as new information becomes available or circumstances change. The statements in this Section 5 should be read in this context.

5.2. Intentions upon acquiring 90% or more of Pan Pacific Shares

Zeta Energy's intentions, if it acquires shares which take its total holding to more than 90% of Pan Pacific's Shares and is entitled to proceed to compulsory acquisition of the outstanding Pan Pacific Shares, are set out below.

Compulsory acquisition

If it becomes entitled to do so under the Corporations Act, Zeta Energy intends to:

- (a) give notices to Shareholders to compulsorily acquire outstanding Pan Pacific Shares in accordance with section 661B of the Corporations Act; and/or
- (b) if necessary, give notices to Shareholders to compulsorily acquire all outstanding Pan Pacific Shares in accordance with section 664C of the Corporations Act.

If it is required to do so under section 662A of the Corporations Act, Zeta Energy will give notice to Pan Pacific Shareholders offering to acquire their Pan Pacific Shares in accordance with section 662B of the Corporations Act, respectively.

ASX Listing and NZX Listing

At the conclusion of the compulsory acquisition process, Zeta Energy intends to arrange for Pan Pacific to be removed from the official lists of ASX and NZX (subject to any required approvals on the part of either ASX or NZX), thereby eliminating the corporate administration costs associated with maintaining Pan Pacific as a listed company.

Directors

Zeta Energy intends to replace with its own nominees all members of the Boards of Pan Pacific, its subsidiaries and any company in respect of which Pan Pacific has nominated directors, who are not

directors of Zeta Resources. Replacement directors have not been identified by Zeta Energy and their identity will depend on the circumstances at the relevant time.

Pan Pacific's businesses, assets and employees

Following the close of the Offer and if Zeta Energy is entitled to acquire 100% of Pan Pacific Shares, then Zeta Energy intends, with the involvement of Pan Pacific's board and management, to conduct a review of the operations, assets, structure and employees of Pan Pacific in light of that information to identify:

- (a) how best to optimise Pan Pacific's strategy, and improve Pan Pacific's vision, with a view to deciding the most cost-effective method, with the least risk, of increasing Pan Pacific's reserves and extracting synergies;
- (b) business opportunities and areas of revenue generation which may provide overall strategic operational benefit; and
- (c) areas of cost savings and synergies which may provide overall strategic and operational benefit.

Final decisions will not be reached until after that review, and in light of all material facts and circumstances.

While Zeta Energy does not currently have any specific intentions in relation to this review or its outcomes, its current expectation is that the review will focus on identifying the most effective means of utilising Pan Pacific's assets and maximising the investment Zeta Energy has made in Pan Pacific.

The status of Pan Pacific's existing employees will be considered as part of the review outlined above. Zeta Energy has no present intention regarding the retention, or otherwise, of Pan Pacific's employees or service providers to Pan Pacific.

5.3. Intentions upon Acquisition more than 50% but less than 90% of Pan Pacific Shares

Zeta Energy's intentions, if it acquires Pan Pacific Shares which take its total holding to more than 50% but less than 90% of Pan Pacific Shares, are set out below.

ASX Listing and NZX Listing

Zeta Energy's intention is that Pan Pacific remain listed on ASX and NZX.

Directors

Zeta Energy will consider, subject to the Corporations Act and Pan Pacific's Constitution, seeking to re-constitute the Board of Directors of Pan Pacific to reflect Zeta Energy's majority ownership of Pan Pacific whilst at the same time including directors that are independent from Zeta Energy. Existing directors of Pan Pacific who are not directors of Zeta Resources may be invited to remain as directors of Pan Pacific, depending on their preferences and strategic view points. Zeta Energy has not made a final decision as to the constitution of the Board or who Zeta Energy's nominees would be; their identity would depend on the relevant circumstances at the time.

Pan Pacific's businesses, assets and employees

Zeta Energy intends to attempt to procure that the Pan Pacific Board and management implements the intentions of Zeta Energy which are outlined in Section 5.2 above to the extent possible and appropriate.

Dividends

Pan Pacific does not currently pay a dividend. Zeta Energy has not made a decision on maintaining or changing this practice.

Capital raisings & funding

Zeta Energy has no present view about whether Pan Pacific's present business plans may require a capital raising or additional debt funding.

Further acquisitions of Pan Pacific Shares

Zeta Energy may acquire additional Pan Pacific Shares under the "creep" provisions of the Corporations Act. In summary, those provisions would permit Zeta Energy and its Associates to acquire up to 3% of Pan Pacific Shares every 6 months after completion of the Offer. Zeta Energy has not yet decided whether it will acquire further Pan Pacific Shares under the "creep" provisions in the future, as that will be dependent upon (among other things) the extent of Voting Power of Zeta Energy and its Associates in Pan Pacific and market conditions at the time. Zeta Energy may also acquire additional Pan Pacific Shares as permitted by the Corporations Act as part of any future capital raising by Pan Pacific.

If Zeta Energy becomes entitled to give notices to compulsorily acquire any outstanding Pan Pacific Shares in accordance with section 664C of the Corporations Act, Zeta Energy's present intention is to give such notices.

Information protocols

Zeta Energy will seek access to all books and records of Pan Pacific to assist it to implement its intentions as set out above. Whether such access is given would be a decision for the independent directors of Pan Pacific at the time, after complying with their statutory and fiduciary duties. If access is given, those books and records may contain confidential information concerning Pan Pacific. Zeta Energy contemplates that such access would be given under an appropriate confidentiality agreement.

5.4. Intentions if Zeta Energy acquires less than 50% of Pan Pacific Shares

If Zeta Energy acquires Pan Pacific Shares which take its total holding to less than 50% of Pan Pacific Shares, it will consider seeking to obtain additional representation on the Board of Pan Pacific. Through any such additional representation, Zeta Energy will attempt to procure that the Pan Pacific Board and management implement the intentions of Zeta Energy which are outlined in Section 5.2 above to the extent possible.

Zeta Energy may, in the future, acquire further Pan Pacific Shares in compliance with the requirements of the Corporations Act, as described in section 5.3 above, under the heading 'Further acquisitions of Pan Pacific Shares'.

5.5. Intentions of Zeta Resources

Zeta Resources' present intention in respect of Pan Pacific is to cause Zeta Energy to undertake the steps outlined in sections 5.2, 5.3 and 5.4 above

5.6. Limitations on intentions

If at the conclusion of the Offer, Pan Pacific is a controlled entity, but is not a wholly owned subsidiary, of Zeta Energy there will be minority Pan Pacific Shareholders. In this event Zeta Energy expects that there may be directors on the Board who are independent from Zeta Energy, which may include one or more of the current directors of Pan Pacific who are not directors of Zeta Resources. Zeta Energy will expect that any directors appointed to the Board by Zeta Energy will act at all times in accordance with their statutory and fiduciary duties. Zeta Energy intends that all requisite shareholder approvals and other requirements of law, including the Corporations Act, ASX Listing Rules and NZX Listing Rules, are complied with in pursuing any of the intentions referred to above.

As a result of these requirements the approval of minority Pan Pacific Shareholders may be required for the implementation of some or all of the intentions outlined above. The requirement for Pan Pacific directors to have regard to their fiduciary duties and the possible requirement to seek approval of Pan Pacific minority shareholders may prevent a particular intention from being achieved.

6. Information on Pan Pacific

6.1. Issued securities

According to publicly available information, Pan Pacific has on issue at the date of this Bidder's Statement 588,612,110 fully paid ordinary shares.

6.2. Relevant interest in Pan Pacific securities and Voting Power

As at the date of this Bidder's Statement, Zeta Energy holds, and has a relevant interest in, 98,868,428 Pan Pacific Shares. Zeta Energy's Voting Power in Pan Pacific is 16.8% because of the Pan Pacific Shares it holds.

6.3. Consideration provided for Pan Pacific securities during previous four months

Except for the acquisitions of Pan Pacific Shares set out in Appendix 1 below, Zeta Energy has not acquired Pan Pacific Shares during the period of 4 months ending on the day immediately before the date of the Offer. No Pan Pacific Shares have been acquired by an Associate of Zeta Energy during period of 4 months ending on the day immediately before the date of the Offer.

6.4. Pan Pacific Share price history

The highest and lowest closing prices on ASX during the three months immediately before 10 April 2015 were:

- (a) Highest – 4.9 cents on 18 February 2015; and
- (b) Lowest – 3.9 cents on 23 January 2015.

6.5. Inducing benefits given during previous four months

Neither Zeta Energy nor any of its Associates has, during the period of four months ending on the day immediately before the date of the Offer, given, offered or agreed to give a benefit to another person where the benefit was likely to induce the other person, or an Associate, to:

- (a) accept the Offer; or
- (b) dispose of Pan Pacific Shares,

which benefit was not offered to all Pan Pacific Shareholders under the Offer.

7. Funding

7.1. Maximum cash consideration

The consideration for the acquisition of Pan Pacific Shares to which the Offer relates will be satisfied wholly in cash.

If the Offer is accepted in respect of all of the Pan Pacific Shares which are on issue as at the Announcement Date, other than the Pan Pacific Shares already owned by Zeta Energy (see Section 3.3), the maximum consideration payable by Zeta Energy for those shares will be approximately \$24.5 million.

7.2. Zeta Energy's funding arrangements

Zeta Energy has a loan facility of \$25 million from Utilico which has an undrawn balance of \$25 million. Utilico is an investment company listed on the London Stock Exchange which owns 84% of the shares on issue by Zeta Resources on the Announcement Date. Zeta Energy has been advised by Utilico that Utilico will fund drawings on this facility from its internal resources and undrawn bank facilities.

Zeta Energy will not use any cash which it holds to pay any of the potential acquisition price of the Pan Pacific Shares to which the Offer relates. Zeta Energy will pay those acquisitions costs with funds drawn from the loan facility from Utilico and considers that the facility will be sufficient to fund 100% of that acquisition price.

Particulars of this loan facility from Utilico are:

Lender	Utilico Investments Limited.
Borrower	Zeta Energy Pte Limited.
Facility Limit	A\$25 million (wholly drawn at the date of this Bidder's Statement).
Facility Type	Revolving Credit Facility.
Purpose	Investment by Borrower.
Availability Period	Subject to satisfaction of conditions precedent, the facility is presently available for drawing and will remain available at all times during the Offer Period and the period following the Offer Period in which payments will be due for Pan Pacific Shares purchased by Zeta Energy during the Offer Period.
Conditions for Drawdown	<ul style="list-style-type: none">(i) each representation and warranty given or made by the Borrower in the loan agreement is true and accurate as at the date of the drawdown;(ii) no event of default or potential event of default (each as defined) has occurred and is continuing or will occur as a result of the proposed drawdown;(iii) the proposed drawdown would not cause this facility limit to be exceeded;(iv) the Lender receives a drawdown notice; and(v) the Lender is provided with (or has waived the requirement for) at least one business day before the proposed drawdown with a certified copy of a resolution by the Borrower's board of directors approving the drawdown notice and authorising the Borrower's execution of the drawdown notice.
Conditions Precedent	<p>The availability of drawings under the Facility is subject to the condition precedent that the Lender is provided with the following at least one business day prior to the proposed drawdown:</p> <ul style="list-style-type: none">(i) certified copies of the certificate of incorporation of the Borrower, any certificate of change of name by the Borrower and the by-laws of the Borrower;(ii) certified copies of the resolutions of the Borrower's board of directors:<ul style="list-style-type: none">(A) approving the loan agreement; and(B) authorising the Borrower's execution of the loan agreement; and(C) authorising person(s) to sign the first drawdown notice; and(iii) specimen signatures authenticated to the satisfaction of the Lender, of the person(s) authorised to sign drawdown notices.

Zeta Energy is of the view that the conditions precedent for the facility and the conditions for drawdown will each be satisfied before any payment of the purchase price for Pan Pacific Shares purchased under the Offer is due, and that there are reasonable grounds for it to hold this view.

Zeta Energy is of the view that it will be able to pay the price for the acquisition of Pan Pacific Shares under the Offer, and that there is a reasonable basis for it to hold that view.

8. Taxation Implications

8.1. No tax advice given

Acceptance of the Offer may have taxation implications. You should seek professional advice regarding the taxation implications of accepting the Offer.

Zeta Energy and its advisers do not accept any liability or responsibility for any taxation implications arising from the acceptance of the Offer by Australian resident and non-resident Shareholders or for the summary below. Shareholders of Pan Pacific should obtain independent Australian advice on the taxation consequences of the Offer before accepting.

8.2. Australian taxation issues for Pan Pacific Shareholders

The information below is based upon Australian taxation law and practice in effect at the date of this Bidder's Statement. It does not take account of any specific facts or circumstances that may apply to particular shareholders and does not constitute tax advice by Zeta Energy and its advisers to any Pan Pacific Shareholder. You are advised to seek independent professional advice regarding the Australian or international tax consequences of disposing of your Pan Pacific Shares.

This summary deals only with the disposal of shares held on capital account and does not deal with the taxation consequences of disposing of Pan Pacific Shares issued under an employee share scheme or acquired as a result of exercising an option granted under an employee share scheme or share option scheme, or held by:

- a share trader, professional investor, financial institution, securities dealer or life insurance company;
- a tax exempt organisation;
- a partnership; or
- a person acting as trustee of a trust, except in relation to the comments at 8.6 and 8.7 below.

The disposal of your Pan Pacific Shares by accepting the Offer will constitute a "CGT event" for the purposes of the Australian capital gains tax provisions. The disposal will occur on the date on which you accept the Offer.

The Australian capital gains tax, GST and stamp duty implications of disposing of your Pan Pacific Shares are summarised below.

8.3. Shareholders who acquired their shares before 20 September 1985

If you have continuously held your Pan Pacific Shares since before 20 September 1985, the disposal is not subject to capital gains tax unless there has been a deemed acquisition after that date.

8.4. Shareholders who are Australian resident companies or individuals

If you are a company, the whole of any capital gain on the disposal of your Pan Pacific Shares will be included in the calculation of your net capital gain for the income year. Capital gains tax rollover relief will not be available.

If you are an individual and you have owned your Pan Pacific Shares for at least one year, one-half of any capital gain on the disposal of your Pan Pacific Shares will be included in the calculation of your net capital gain for the income year. If you owned your Pan Pacific Shares for less than one year before disposing of them, the whole of any capital gain on the disposal will be included in the calculation of your net capital gain for the income year. If you have a capital loss from another capital gains tax event in the income year or carried forward from a previous income year, and that loss is set off against a capital gain on your Pan Pacific Shares, then the set-off of the loss occurs before applying the 50% discount (if available) to the remaining gain.

For both a company and an individual, the whole of a capital loss on the disposal of your Pan Pacific Shares will be included in the calculation of your net capital gain for the income year.

If you have a net capital gain for the income year after taking account of all capital gains tax events, the net capital gain will be included in your assessable income for the year. If you have a net capital loss, it will be carried forward for offset against capital gains arising in future income years. For companies, utilisation of carried forward capital losses is subject to the satisfaction of a “continuity of ownership” test or a “same business” test.

8.5. Shareholders who are non-resident companies or individuals

If you are not a resident of Australia for tax purposes and hold your Pan Pacific Shares on capital account you will not be subject to capital gains tax on the disposal of your Pan Pacific Shares unless:

- (a) you used your Pan Pacific Shares at any time in carrying on a business through a permanent establishment in Australia; or
- (b) your Pan Pacific Shares are “taxable Australian property”. This will be the case if both of these conditions apply to you:
 - (i) you (and your associates) held a beneficial interest of at least 10% in Pan Pacific either at the time you sold your Pan Pacific Shares or for at least 12 months during the 24 months before you sold your Pan Pacific Shares; and
 - (ii) at the time of disposing of your Pan Pacific Shares, 50% or more of the value of Pan Pacific is or was represented by direct or indirect ownership interests in Australian real property. For this purpose, indirect interests in real property are traced through entities in which Pan Pacific has at least a 10% direct or indirect beneficial interest, and real property currently includes leasehold interests and mining or prospecting rights in respect of minerals in Australia. It is proposed to extend the definition with effect from 14 May 2013 to include related intangible assets such as mining and prospecting information – these proposed changes have not become law; or
- (c) you were previously an Australian tax resident individual and elected not to dispose of your Pan Pacific Shares for capital gains tax purposes on cessation of your Australian tax residence.

If the disposal of your Pan Pacific Shares is subject to Australian capital gains tax, the capital gains tax consequences of disposal will be as described in 8.4 above for an Australian resident company or individual, with the following modification. The 50% capital gains tax discount that applies to capital gains accruing to individuals who dispose of an asset after owning it for at least one year is restricted as follows for non-resident individuals:

- (a) the discount will not be available in respect of capital gains arising before 8 May 2012 unless the taxpayer values the asset at the end of 8 May 2012;
- (b) if a valuation is done, the discount will be available for gains that accrued up to 8 May 2012; and
- (c) the discount will be available on a pro rata basis where the shareholder was an Australian tax resident for part of the ownership period.

The tax rules applying where non-residents dispose of indirect interests in Australian real property are complex and any non-resident Pan Pacific Shareholder should obtain specific advice on the application of the rules.

8.6. Shareholders who are trustees of complying superannuation funds

The capital gains tax consequences of disposal of Pan Pacific Shares by a trustee of a “complying superannuation fund”, as defined for Australian tax purposes, will be as stated in 8.4 above for an Australian resident individual, except that one third, and not one half, of a capital gain on disposal of the fund’s Pan Pacific Shares will be excluded in calculating the fund’s net capital gain for the income year if the fund owned the Pan Pacific Shares for at least one year prior to the date of disposal. No

capital gains tax applies where the Pan Pacific shares have been set aside to meet current pension liabilities.

8.7. Shareholders who are trustees of other trusts

Capital gains arising in trusts, to which beneficiaries of trusts are “specifically entitled”, are treated as having accrued directly to those beneficiaries. A gain to which no beneficiary is “specifically entitled” is treated as accruing to the trustee (by election if the trust deed so permits, otherwise automatically), or is allocated on a proportionate basis to those beneficiaries of the trust who are presently entitled to income of the trust estate. If a gain is treated as accruing to a non-resident beneficiary, the trustee will be assessed on the gain that would be assessed in the hands of the beneficiary. Beneficiaries of fixed trusts are not subject to capital gains tax unless the trust’s shares in Pan Pacific are taxable Australian property (see 8.5 above).

The tax rules regarding capital gains accruing to trusts are complex and trustees should obtain tax advice based on the specific circumstances of the trust.

8.8. Foreign Taxation Issues

The foreign taxation implications of non-Australian resident Shareholders disposing of Pan Pacific Shares will be a function of the taxation laws (foreign and Australian) as they apply to the Shareholders. It is not possible to address the foreign situations as they will be specifically dependent on the taxation laws of the applicable jurisdictions, any relevant double-tax agreements and the particular circumstances of the Shareholder.

8.9. Transfer Taxes – Stamp Duty and GST

Generally, no stamp duty (share transfer duty) is payable for transfers of shares in listed companies. 'Land rich' or 'Landholder' duty may be payable following an acquisition of 90% or more of Pan Pacific Shares if Pan Pacific directly or indirectly holds any interests in land in Australia with a value over a certain threshold. Should any such duty become payable as a result of the Offer, the applicable duty will be paid by Zeta Energy.

The disposal of Pan Pacific Shares pursuant to the Offer would not be subject to GST. To the extent that you are charged GST in relation to your Broker or Controlling Participant carrying out your instructions to institute acceptance of the Offer or for any other costs incurred in accepting the Offer, you may not be able to claim any or full input tax credits for GST incurred on the costs as the disposal of shares is input taxed. This will depend on the individual circumstances of each Shareholder.
