OUR HISTORY

ICM Limited ("ICM") is an entrepreneurial asset management group. Our expertise enables us to offer an innovative, insightful approach beyond traditional investment strategies.

Our origins date back to 1988, and we have evolved to become a global organisation, combining the established values and independence of a family office, the measured critique and high engagement of a private equity house, and the patient vision and loyal support of a founding investor. Alongside these qualities, we are increasingly recognised for finding right-sized opportunities in specialist sectors where we can have a meaningful role as investors.

Whilst ICM is entrepreneurial in nature, we uphold traditional values where the depth and longevity of our relationships are built by repeatedly delivering on our word, challenging constructively and acting respectfully. This informs our own culture, shaped by a global team of specialist investors and sector analysts, each revered in their field and given the freedom to find compelling investment opportunities. We maintain a balance of independence, insight sharing and a supportive collegiate environment which helps build conviction and ensure informed, robust outcomes.

Investing in innovative industries

ICM Global Funds is a Singapore based fund management company serving accredited and institutional investors across a range of asset classes and strategies from traditional equity and fixed income, to alternative investments such as private equity, private debt/convertibles, and structured products.

ICM Global Funds is regulated by the Monetary Authority of Singapore and holds a Capital Markets Services license to conduct fund management activity. ICM Global Funds manages their funds primarily through an umbrella variable capital company structure which provides flexibility, tax efficiency and privacy to clients.

ICM HPQC (High Performance and Quantum Compute) Fund is a pioneering investment vehicle focused on the rapidly evolving fields of high-performance computing and quantum technology. This fund aims to provide investors with access to early-stage companies that are driving innovation in semiconductor design, center infrastructure, and advanced software solutions.

By targeting these cutting-edge sectors, the ICM HPQC Fund seeks to capitalise on the increasing demand for computational power necessary for advancements in artificial intelligence, edge computing, and other transformative technologies.

ICM KAVF (Korean Active Value Fund) has a mandate to capitalise on the unique investment opportunities within the South Korean market, focusing on small caps that are trading below their intrinsic value.

ICM KAVF's goal is to generate superior, risk-adjusted absolute returns by taking meaningful stakes in undervalued Korean small and mid-caps and unlocking value through focused governance, operational, and balance-sheet initiatives. ICM KAVF aims to maintain a concentrated portfolio of 10 – 20 holdings, selected via rigorous bottom-up analysis, with position sizes calibrated to each engagement plan.

As an open-ended vehicle with a proven strategy, ICM KAVF offers accredited and institutional investors a compelling way to share in South Korea's growth trajectory and benefit from supportive policy reforms.

ICM Mobility VCC invests in innovative companies that drive digital evolution in transportation. This fund focuses on both public and private transport sectors, supporting businesses that enhance journey planning, smart ticketing, and seamless electronic payment solutions.

The ICM Mobility VCC is positioned to capitalise on the growing demand for smart mobility solutions. With a commitment to responsible investing, the fund seeks to identify and support companies that promise financial returns and contribute positively to society by enhancing accessibility and sustainability in transportation. This approach ensures investors are part of a transformative journey that aligns with global trends toward smarter, integrated mobility systems.

Perpetual Growth Fund is a multi-asset strategy fund designed to cater to investors seeking long-term capital appreciation alongside regular income.

By leveraging ICM Global Funds' extensive expertise and innovative approach to asset management, the Perpetual Growth Fund aims to deliver sustainable growth while maintaining a focus on risk management and performance optimisation.

ICM Investment Management is the regulated sub-investment manager for the Pentagon High Conviction Bond Fund, and ICM acts as investment adviser to the sub-investment manager. The Pentagon High Conviction Bond Fund is a sub-fund of Merrion Capital Investment Funds Plc.

The Pentagon High Conviction Bond Fund is an unlisted, open-ended investment fund (UCITS) that invests in a more concentrated portfolio of high alpha, global corporate debt opportunities in order to deliver attractive, long term, risk-adjusted returns to investors. This objective is achieved through an investment approach that focuses on identifying compelling value opportunities through bottom-up company research.

MOBILITY SECTOR

ICM Limited has been investing in public and private mobility solutions for over twenty years

ICM Mobility Group (ICM Mobility) is a focused global investment group bringing together ICM Limited's mobility businesses.

ICM Mobility supports mobility businesses – from planning journeys and issuing smart tickets, to streamlining electronic payments and providing insights, ICM Mobility invests in and partners with companies shaping the digital transformation of the mobility sector.

ICM Mobility enables public and private transport to move into the digital era, and these companies have solutions deployed in over 100 cities making more efficient journeys and payments for everyone.

ICM Mobility's initial investments are in four businesses engaging 800 highly talented people, operating in 20 countries around the world. The investee companies retain their existing brands, continue to service customers in their specific markets, and are empowered to share industry experience, customer knowledge and market understanding to drive innovation and new services.

Kuba's dynamic approach provides transport operators with a lean, flexible and easily deployable ticketing service that can be tweaked to any transport system.

Littlepay has created a simple, flexible, highly secure, API-based transit payment platform that empowers passengers to pay with any contactless EMV card, phone or smart device.

Snapper Services provides a suite of tools which improve public transport experiences across the network, including digital ticketing, enhanced operations and fleet and driver mobility with Mosaic.

Vix Technology delivers an innovative, multi-modal, multi-operator automated fare collection platform that unifies account-based, closed loop and open payments into a single solution that is easy to deploy, operate and manage.

Together with our partners, ICMCP provides a window to a world with ICM.

Established in Singapore, ICM Capital Partners (ICMCP) combines ICM Group's asset management strengths and relationships with external clients and investment partners.

ICMCP is devoted to building lasting relationships while connecting consequential investment opportunities that protect the generations to come. Navigating the complexities of finance

and market situations, through fund, co-investment opportunities or simply trusted introductions, its long term focus empowers influential Institutional and Accredited Investor decisions.

ICMCP will originate and introduce investment opportunities that align with the ICM priorities or that support positive outcomes for portfolio

companies alongside our external liquidity providers and intermediaries.

Together with its partners, ICMCP provides a local window to a world with ICM. ICMCP provides a valuable network to portfolio companies and investment partners seeking to internationalise or diversify their investor base and relationships.

ICM FOUNDATION

As an active investor and asset manager with business interests that span the world, ICM understands the importance of giving back by investing in the community. Based on over two decades of private stakeholder philanthropic experience, ICM has identified sustainable, effective and focused education where the biggest impact can be made on individuals and in communities.

ICM created ICM Foundation to focus on supporting game changing innovative entities, which are scalable and have the potential to become self-sustaining. ICM Foundation invests in predominantly education focused enterprises taking a fresh approach to moving the needle in this sector, adapting expertise gleaned from our experience in the education sector along from lessons learnt in the business world to create improved access and opportunities for community organisations and social enterprises that we support. We are passionate about helping our grantees thrive by providing financial as well as non-financial support through the deep, meaningful and long term relationships we have established.

Over the last decade, ICM and their stakeholders have granted US\$17.6 million to community and non-government organisations (NGO's), and ICM Foundation remains committed in its goal of being a mechanism for improving community wellbeing and assisting self-sufficient sustainability. The NGO's and partners we support through our eco-system deliver projects that assist individuals and communities to care for themselves through entrepreneurial enterprises, including micro financing and micro franchising. In all instances the initiatives we support work closely with the individual in each system or community.

ICM Foundation supports selective education projects and models undertaken by Teach a Man to Fish as a corporate sponsor of the Schools Enterprise Challenge, which is a global initiative seeking to inspire, support and develop the entrepreneurial self-sufficient school model. This encourages schools to develop profitable enterprises by implementing their own business plans and illustrate entrepreneurial opportunities to the students.

In addition, ICM Foundation supports Food Ladder, The Greenlight Movement (via various Poverty Stoplight organisations), the Harlequins Foundation, London Pulse Netball team, and GROW ECD. Food Ladder provides people the tools to stop hunger and malnourishment, and it will continue its rollout and expansion in Indigenous populated Australia, throughout India, and priority countries in the developing world. The Greenlight Movement uses scalable tools for social change to help people progress out of poverty by empowering them to understand and map their own choices; the Harlequins Foundation provides solutions to address inequality, poor health and challenges that face the most vulnerable in society using education, skills development and entrepreneurship, London Pulse connects with the communities and groups in London to play, watch and enjoy netball, and GROW ECD supports increased access to early childhood education.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE

At ICM, environmental, social and governance issues are a priority, and we ensure we operate in an ethical way while focusing on delivering long term, sustainable growth.
